

Cleanroom Supplies

by
KNIGHTCLEAN

Finger Cot

Series: FC-IF-PINK (L)

Features:

- Best for handling of static sensitive components
- Average surface resistance of $10^8 - 10^{11}$ ohms
- Contains no silicon oil, amide and phthalates
- Special washing process to reduce ionic, non-volatile residue and other contaminants

Applications:

- Designed for use in cleanrooms, laboratory & controlled environments

Storage Considerations:

- Keep indoors, in a cool and dry place
- Avoid heat, direct sunlight and use immediately once open
- Always keep package sealed
- Use it with FIFO (first-in-first-out) method
- Shelf life is within 6 months

Specifications

Colour	White/Black/Pink/Orange
Material	100% Natural Latex Rubber
Diameter	16mm~20mm
Thickness	0.10 +/- 0.02mm
Length	60 +/- 3mm
Weight	0.36~0.42 +/- 0.05gm
Size	Small/Medium/Large
Packaging	10 gross per bag, 20 bags/carton

Recommended Industries

Communication
