PurMop BLACK® C1 is an innovative mop system for cleanroom cleaning, which consists of a telescopic handle & frame. It is made of a combination of carbon fiber and PPSU plastic. The lightweight handle has a continuous adjustment by pushing a button on the upper and middle handle grip. The frame can be opened quickly by pressing a button in the middle handle. The quick-change system allows the handle and frame to be separated without tools. The excellent ergonomics allow for easy ceiling & wall cleaning. With a length adjustment between 145 cm and 212 cm, the C1 is suitable for almost all cleaning tasks.

- Combination of carbon fiber and PPSU plastic
- Ideal for cleaning ceilings and walls
- Easy length adjustment of the handle at the push of a button
- Easy opening of the frame by the push of a button
- With ergonomic handle
- Quick change system
