PurMop BLACK®

C2

Carbon Fiber Mop System

Telescopic Handle & Frame

ISO	3	4	5	6	7	8
GMP			A/B		C	D

PurMop BLACK® C2 is an innovative mop system for cleanroom cleaning, which consists of a telescopic handle & frame. It is made of a combination of carbon fiber and PPSU plastic. The lightweight handle has a continuous adjustment by pushing a button on the upper and middle handle grip. The frame can be opened quickly by pressing a button in the middle handle. The quick-change system allows the handle and frame to be separated without tools. The excellent ergonomics allow for easy ceiling & wall cleaning. C2 has a length adjustment between 212 cm and 297 cm.

- Combination of carbon fiber and PPSU plastic
- Ideal for cleaning walls and high ceilings
- Easy length adjustment of the handle at the push of a button
- Easy opening of the frame by the push of a button
- With ergonomic handle
- Quick change system
