The 2.0 TRIO-S trolley series is an ergonomic stainless steel cleaning trolley system with wringer. The PurMop® wringer has been developed for use in cleanrooms and is made of polished stainless steel. The force transmission mechanism of the wringer reduces the amount of force required, which can effectively relieve the user. The cleaning trolleys impress with their GMP-compliant design and are easy to take apart and clean.

- Durable full stainless steel construction, polished surfaces
- Stainless steel wringer system
- System includes mop discarding system, handle holder and waste bag holder
- Plaque for individual marking
- Grease-free, non-marking ESD castors
- Unit completely autoclavable
